## Chapter 1 by Skeld

Vulka, the orange city was resplendent with her bright ochre buildings jutting to the sky. On one of the buildings stood a man dressed in black. His cape heavy, unmoving even in the breeze. He stood staring at the Great Pit Of

Punishment. There was no law here in Vulka, there was only the Godspawn.

The shadow's name was Frax and he was the one chosen by the Reapers to assassinate the Godspawn.

But the catch is, the original Godspawn had died decades ago. The new one was an elected official. So, if he kills the official, another one will take his place. So he had a plan in mind. But little did he know that he had another thing coming.
